Please put the approximate date by indicating the month and year (e.g. 5/09) that you handled each matter.

An "assisted reproductive technology matter" is defined as working with a unique set of clients (one client or client couple) to draft or negotiate an assisted reproductive technology agreement (including a donor or surrogacy agreement) or acting as counsel in litigation (including establishment of parentage, adoption, or birth certificate amendment proceedings), or both, involving surrogacy, ovum, sperm or embryo donation.

ART CASE GRID
