

# Joshua, age 14

The social and outgoing Joshua loves to make new friends! It has been said that Joshua is a talented artist who can often be found coloring or drawing. Playing video games and watching anime are just a few of Joshua's preferred hobbies, and when it's dinnertime, he always opts for Chinese food! Red is his most-loved color, and if Joshua could have any superpower, he would like to fly. When he grows up, he aspires to join the Marines.

Joshua is currently in the seventh grade and enjoys participating in many extracurricular activities.

The caseworker prefers a family in an urban area in which Joshua can be the youngest or only child; however, all family types will be considered. Joshua would like to maintain contact with his biological mother following placement. Financial assistance may be available for adoption-related services.

For Nevada children, both homestudied and non-homestudied Nevada families are encouraged to inquire; only homestudied families from other states should do so.
