

Kathryn

Kathryn is an electronics wiz! This girl is keen on figuring out how electronic gadgets work. A loving and caring child, she enjoys the company of her friends and drawing in her free time. She also likes playing video games to wind down. When she needs a brain break, Kathryn will turn to books to fill her head with new worlds to learn about and explore.

This ninth grader earns As and Bs in school and is advanced in reading and written expression.

Kathryn would do best in a home in which she can be the youngest child; however, her caseworker will consider all family types. She has significant connections that she will need to maintain following placement. Financial assistance may be available for adoption-related services.

This is a LEGAL RISK ADOPTIVE PLACEMENT.

For Nevada children, both homestudied and non-homestudied Nevada families are encouraged to inquire; only homestudied families from other states should do so.
