Burning off his energy at the park is one of Curry's favorite activities! He delights in being outside. When asked about his talents, Curry will say, "I can kick really hard. I run fast too." His kicking skills come in handy for his love of kickball. Curry is always up to go to the local theme park for thrills. When the weather or time only allows for indoor play, this kiddo turns to coloring and video games. He favors colors like red, black, orange, sunset, gold, silver, and fire. All superheroes make him smile, especially the girl Black Panther, Shuri, and Venom, the black Spiderman. Curry has several action figures that he plays with and battles against each other. He loves to narrate the battles they have. Dogs are by far his favorite animal. Chicken fingers, pizza, and McDonald's are Curry's ideal meals. Invisibility would be his hope for a superpower. Curry strives to be independent and is known to be a caring and kind child with caregivers. This fellow's aspirations for the future come with financial goals: "If I save my allowance every month, I will be a rich grown-up!"

This fourth grader thinks reading might be the most enjoyable part of his school day.

Curry would do best in a family living in an urban area where he is the only child in the home. He has significant connections to maintain following placement. The ideal family for Curry is active yet patient and, above all, won't give up on him. Financial assistance may be available for adoption-related services.

For Nevada children, both home studied and non-home studied Nevada families are encouraged to inquire; home studied families from other states may be considered and are encouraged to apply.
